**The Unblinking Eye.
The Unshakable Shield.**

Our Identity

Established in 2014, Adonai Security Solutions has evolved from a traditional security firm into a leader in innovative, tech-driven safety.

We are duly registered with the Ministry of Home Affairs and are a proud member of the Security Association of Zimbabwe.

The Adonai Family

We operate on a culture of Stewardship and Unshakable Trust, treating our clients as family whose safety we value as our own.

Our Vision

To be the market leader in Zimbabwe by providing innovative, tailor-made security intelligence that delivers absolute value.

Our Mission

To provide our family of clients with the most fascinating security experience by integrating cutting-edge AI technology with human excellence to create a world where safety is guaranteed.

The Vakunda Standard

Our guards, known as The Vakunda (The Overcomers), represent community and resilience, upholding your image through elite discipline and professional protocol.

Integrated Shield Solutions

We provide specialised protection tailored to specific industry needs!

HERITAGEWATCH

Diaspora Property Security

Securing your Zimbabwe property from abroad with HeritageWatch. Remote CCTV monitoring, site audits, and transparent reporting for Diaspora investors.

- Remote CCTV Surveillance
- Physical Site Inspections
- Construction Progress Audits

FARMSHIELD

Agricultural Security Solutions

FarmShield provides remote-monitored security, solar CCTV and tactical farm protection.

- Solar-Powered CCTV Systems
- Tactical Security Wardens
- Remote Monitoring
- Perimeter Patrols
- Rapid Alarm Response

Technical Capabilities & Solutions

Electronic Security & Surveillance

AI-Driven Predictive Protection

Moving beyond reactive alarms to identify vulnerabilities before they are exploited.

CCTV & Monitoring

Professional installation and strategic placement for comprehensive surveillance.

Drone Technology

Efficient monitoring of large areas and hazardous zones with real-time 4K footage. We offer 3KM and 7KM range surveillance packages.

Access Control

Installation of boom gates, electric gates, and biometric systems

Physical Security Services

Vetted Guarding

Rigorously vetted, professionally trained static, armed, and VIP guards.

K9 & Undercover

Specialized guard dogs and undercover investigations for internal loss control.

Vehicle Security

Real-time GPS tracking and advanced car alarming systems.

Why Choose Adonai?

In a market saturated with traditional guarding, Adonai stands apart through a Tech- First, Human-Centered approach.

Here Is What Makes Us The Best In Zimbabwe:

Cooperative Pricing & High Value

We offer "Best-in-Class" security at cooperative, affordable rates. We eliminate the "expensive learning curve" for our clients by providing scalable tech that fits your budget.

Proactive vs. Reactive

While competitors react to alarms, we use AI-driven Predictive Protection to identify vulnerabilities and stop threats before they escalate.

The "Family" Service Level

We don't just sign contracts; we build relationships. Our leadership is personally invested in every client's safety, treating your assets with the care of a family member.

Vakunda Elite Training

Our guards undergo rigorous training in both Tactical Hard Skills (rapid response, de-escalation) and Professional Soft Skills (customer service, protocol), ensuring they add prestige to your brand or home.
